

CORPORATION OF THE

TOWNSHIP OF SCHREIBER

OFFICE OF THE CAO/CLERK

NOTICE OF WATER DISRUPTION

In order to upgrade our water plant for the new storage tank it is necessary to shut off the water to the entire Township.

**Please store water for consumption and
close the main valve in your home.**

**DO NOT ATTEMPT TO USE WATER BETWEEN THE HOURS
SHOWN BELOW**

TIME OF WATER SHUT OFF: **WEDNESDAY, SEPTEMBER 12, 2018 at 7PM**

TIME WATER WILL BE TURNED ON: **THURSDAY, SEPTEMBER 13, 2018 at 6AM**

Following the hours shown above, we ask that you re-open the main valve in your home and turn on a cold water tap only and let it run for approximately three (3) to five (5) minutes to flush any residue which may be left in your line upon completion of the work. Also as a precaution against your water tank draining and the elements burning out it is advised to turn off the power to your water heater. Residents can go to the breaker box in the home and throw the breaker to the "off" position for the water heater.

Once the pressure is restored to a home's water heater, residents should turn the hot water on at any faucet and check that all the air is out of the lines. Once the air is gone and water is running smoothly, turn the breaker back on.

If you experience a disruption to your water service or discolored water for an extended period following the times shown above, please phone 824-2711, ext. 230.

Following the planned outage the Township will be on a **Boil Water Advisory** for up to one week. Bring your water to a rolling boil for a full minute. Continue boiling water for consumption until announcements of the rescinding are confirmed.

***We apologize for the inconvenience and
thank you for your cooperation.***
